

Ramsay Health Care Patient Terms & Conditions

The Terms & Conditions are read in association with the patient registration form and will be legally binding terms upon which your outpatient consultation and treatment will be provided to you at a Ramsay Health Care UK (Ramsay) hospital or clinic (Hospital). Please read these Terms & Conditions carefully and raise any questions you may have before you attend the Hospital. These Terms & Conditions together with your signed Registration Form are legally binding and require you to pay Ramsay for services and materials relating to your treatment as a private patient.

Consultants involved in your care are independent healthcare practitioners. Accordingly, you will have a separate agreement with your consultant and Ramsay will not be liable for any act or omission of a consultant. Each consultant will be responsible for the care they provide to you.

The following Terms & Conditions apply where you are self-funding (funding your own) your outpatient appointment, tests, and treatment. They will apply to any outpatient services provided to you in the Hospital, including minor procedures and physiotherapy.

Outpatient Appointments, Diagnostic Tests and Treatment

Your consultant will charge you a separate fee for your outpatient consultation, and you will be charged fees by the Hospital for any diagnostic tests or treatments carried out during or following your consultation. For example, where your consultant suggests you have blood tests taken, the Hospital will charge you a fee for the tests, in addition to your consultant's fee. Please ensure that you are aware of the fees involved in advance of undergoing any test or treatment. If you are unsure, please speak to your consultant or the Private Patient Team at the Hospital who will be able to provide you with a breakdown of fees. Your consultant fees and Hospital fees may be invoiced separately. Where Ramsay invoices for both consultant and Hospital fees, Ramsay will be collecting your consultants' fees on their behalf.

Ramsay does not warrant or guarantee that all services listed or advertised will be available at all times. Ramsay reserves the right to withdraw or amend any services. There may be instances where we need to amend or cancel your appointment, even after this has been confirmed and paid for, due to circumstances beyond our control, including the unavailability of required healthcare professionals. However, we will endeavour to rebook your appointment at a convenient alternative time. If the Hospital has cancelled an appointment which you have already paid for and no alternative is possible, you will be refunded the fee paid.

Outpatient Packages

In some circumstances you will be offered an outpatient package of care that includes the cost of consultation and specific tests or treatments to be carried out in an outpatient setting.

Please ensure that you are aware of the tests and treatment that are included in your outpatient package because there may be additional diagnostic tests or treatments provided that are not included, and these will incur additional fees. Additional fees for diagnostic tests or treatments outside of the outpatient package may result in your consultant fees and Hospital fees being invoiced separately.

Payment

You may be asked to pay for your appointment in advance; or at the point of attendance at the Hospital; or you may be invoiced following your attendance.

You agree to pay your consultant fees and Hospital fees for any services you receive. By attending the Hospital for your consultation, undergoing treatments and/or signing the patient registration form you hereby authorise Ramsay to take payment for your Hospital fees, (and where applicable your consultant fees and any cancellation fees), from the card details you provide on attendance. Where no card details have been provided, or where a card payment is subsequently declined, you agree to pay for all such fees in accordance with the invoice provided to you.

(a) Payment to your Consultant for Consultant Fees

Payment may be made via Debit or Credit Card or via bank transfer directly to your consultant. Please check with your consultant which form of payment and which cards are accepted.

(b) Payment to the Hospital/Clinic for Hospital Fees
