### Oaks can accept NHS referrals via e-RS.

Please call the NHS team directly to check availability.

NHS Referrals Hotline 01206 753 264 | NHS Referral Email RHC.oaks@nhs.net

\*Clinics are subject to change

## Acceptance Criteria for NHS Referrals at Ramsay Health Care UK

**We will treat all patients in a safe and appropriate environment depending upon age and any existing medical conditions. We are not contracted to treat:**

- Patients under the age of 18 years
- A patient with incapacitating disease that is a constant threat to life
- A patient who has an unstable mental condition and is receiving psychiatric treatment

If you would like more copies or further information please contact your Business Relations Manager:  
[heidi.schanz@ramsayhealth.co.uk](mailto:heidi.schanz@ramsayhealth.co.uk) | 07989 672 229

**In order to ensure patient safety, every referral will be risk assessed against the following criteria: Age, BMI, Smoking Status, comorbidities and current medical condition. Patients will be screened for Coronavirus COVID-19 in line with current guideline.**

### NHS Referrals

**NHS Referrals Hotline:** 01206 753 264

**NHS Referral Email:** RHC.oaks@nhs.net

### Other Information

- Our services are delivered at the National NHS tariff with no additional costs to patients or ICS
- Free hospital parking ANPR system is in place
- Restaurant facilities for family and all visitors
- Care from one Consultant throughout from first appointment to discharge
- Clean, comfortable and quiet surroundings
- Short waiting times

### Secure NHS Referral Contact Information

**RHC.Oaks@nhs.net**

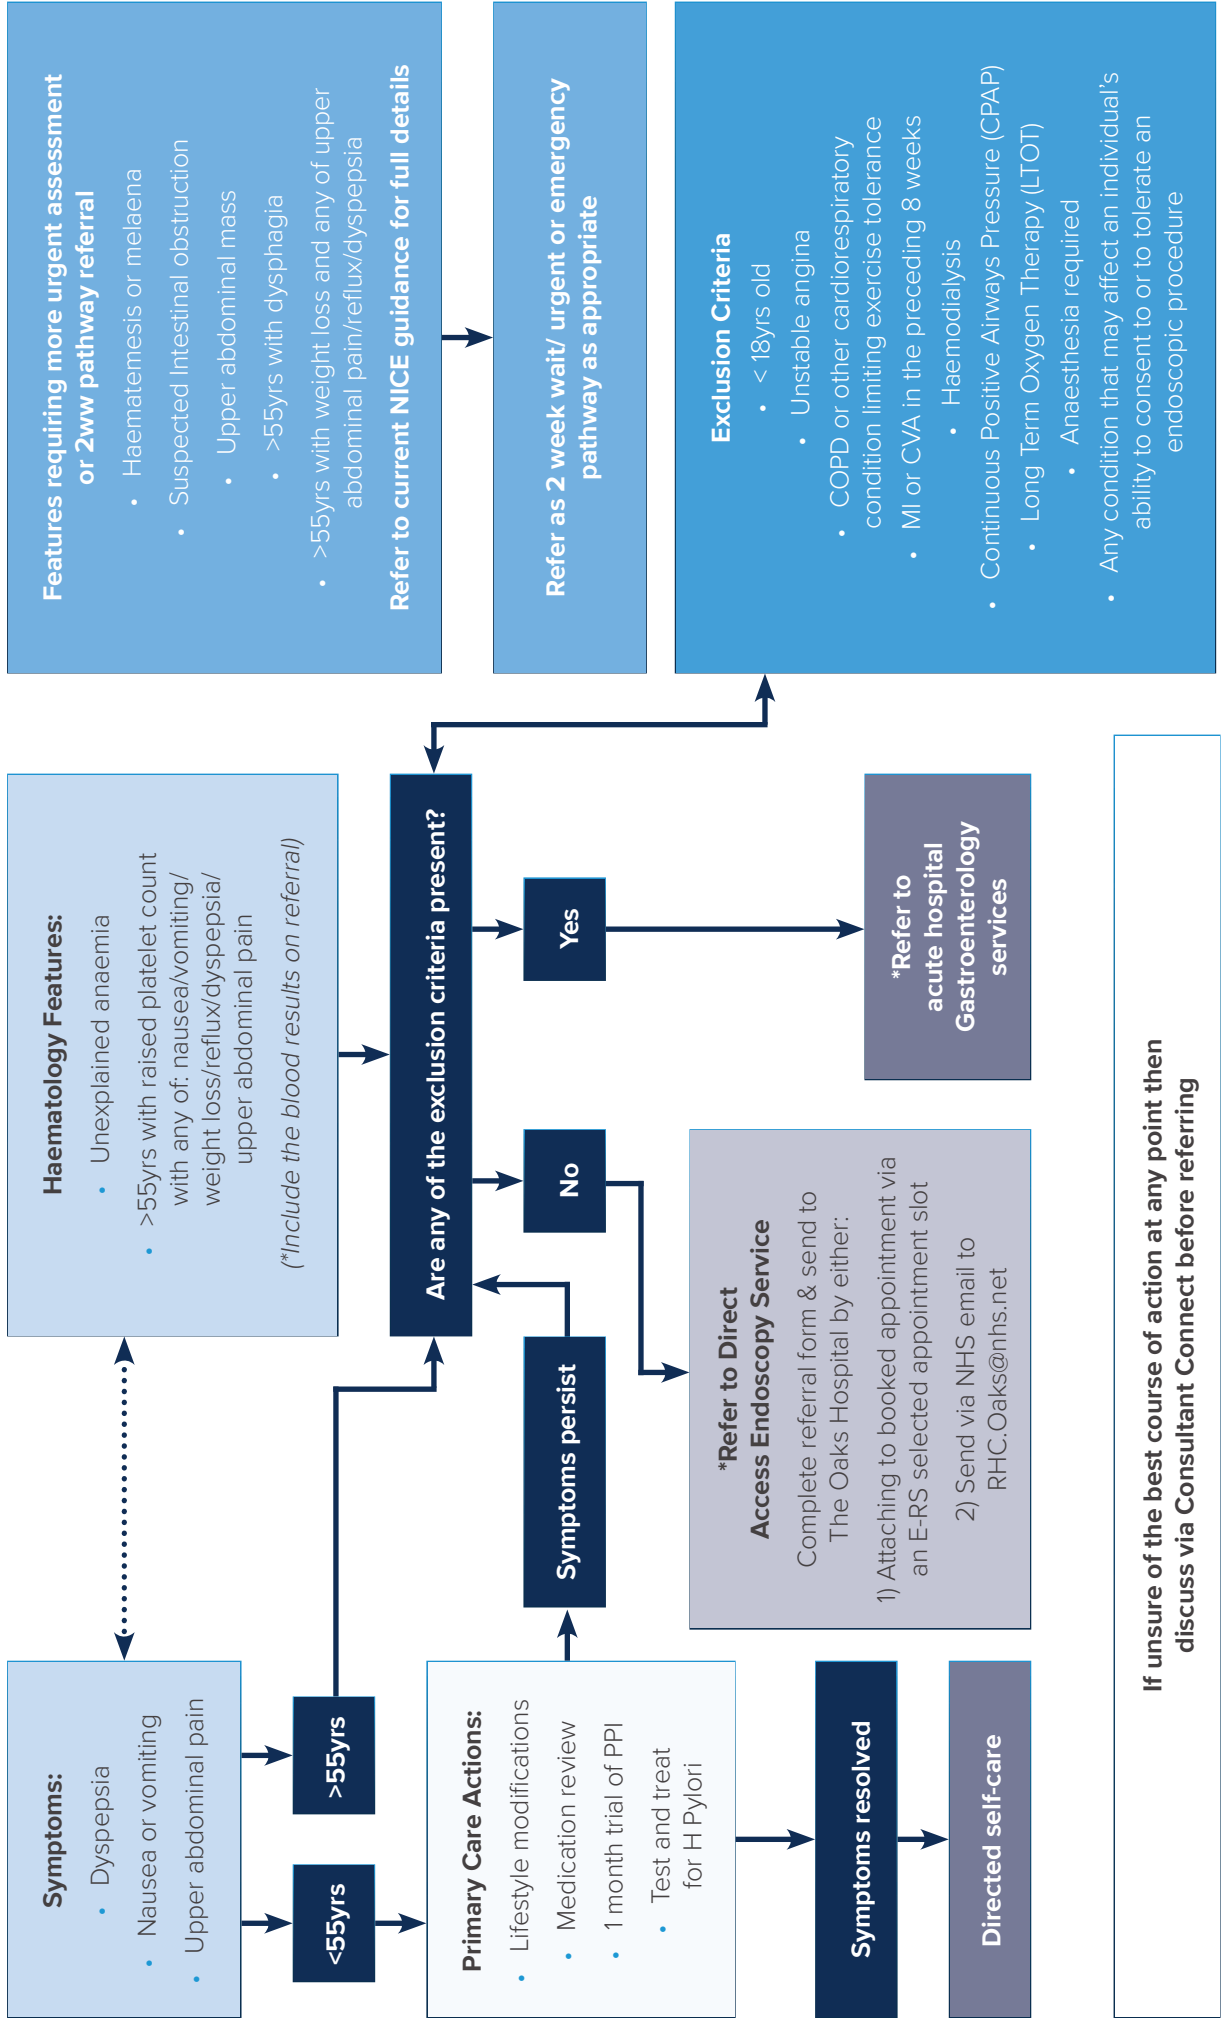

**North East Essex Referrals** - Please follow the Clinical Priorities Policy set by North East Essex ICS, then refer to Oaks Hospital direct via e-RS.

**Mid-Essex Referrals** - Please follow the Clinical Priorities Policy set by Mid-Essex ICS, then refer to Oaks Hospital direct via e-RS.

**Suffolk Referrals** - Please follow the policy set by your ICS, then send all referrals direct via e-RS.

# Direct Access Diagnostic Upper GI Endoscopy Pathway

# Private Patient **Manager**

As Oaks Hospital is committed to the provision of a first class, high quality experience for all patients, we provide a Private Patient Manager service.

Aileen is available throughout consultation, treatment and aftercare to offer a personalised service to each patient dependent on their needs and wishes. She is able to provide the vital link required between patients and their Consultant facilitating a streamlined treatment pathway.

## What our Private Patient Manager offers

Aileen will:

- Be a point of contact for all private patients.
- Manage the private patient journey.
- Answer private patient queries Monday to Friday.
- Walk patients through the various stages of their private treatment and help with queries or concerns regarding referrals, insurance or anything else relating to their hospital stay.
- Ensure any special requirements are met before, during or after a patient's visit.

## How to contact Aileen:

01206 753 286

[aileen.wolstenholme@ramsayhealth.co.uk](mailto:aileen.wolstenholme@ramsayhealth.co.uk)

## Referring patients securely

Private patients can be referred through the online referral portal:

**[ramsayhealth.co.uk/patientreferral](https://ramsayhealth.co.uk/patientreferral)** User name: Ramsayonline | Password: Ramsaygp

\*Please access the portal through google chrome

## Complimentary Public Events

# Business Relations **Manager**

In order to facilitate relationships between Oaks Hospital and the wider healthcare community, we have a dedicated Business Relations Manager working both in and around the Colchester area. Heidi's aim is to provide a personalised service for all referrers, ensuring they have an individual point of contact at Oaks Hospital. Being a dedicated GP & Consultant Officer she is happy to help with a variety of queries from patient referrals to education and training. Examples of these services are listed below. Heidi is there to support all primary care referrers including GPs, Nurses, Practice Managers, Medical Secretaries, Physiotherapists and Optometrists etc.

## What our BRM offers

Heidi will provide:

- Lunch and Learn educational sessions.
- Consultant-led training for professionals.
- Social events and GP networking opportunities.
- Medical secretary workshops.
- Online referral system support.
- GP referral literature and regular hospital updates.
- A direct liaison between referrers, Consultants and hospital services.

## How to contact Heidi:

07989 672 229

[heidi.schanz@ramsayhealth.co.uk](mailto:heidi.schanz@ramsayhealth.co.uk)

## Referring patients securely

Private patients can be referred through the online referral portal:

# Physiotherapy at **Oaks Hospital**

The Physiotherapy Department is staffed by professional and experienced clinical Chartered Physiotherapists. We work to Physiotherapy Chartered Society Standards supporting best practice and will strive to provide the best in patient care.

Oaks Hospital welcomes insured and self-funding patients for the highest standards of physiotherapy in Colchester and North East Essex.

- All musculoskeletal conditions
- Sports injuries
- Back and neck pain, including whiplash
- Sprains and strains
- Chronic pain
- Fracture rehabilitation
- Rheumatological symptoms including painful joints
- Pregnancy-related musculoskeletal pains
- Post-operative rehabilitation for orthopaedic surgery, breast and gynaecological surgery, and oncology conditions
- Respiratory problems
- Acupuncture
- Women's and men's health (incontinence)
- Shockwave therapy
- Fast access to diagnostics (e.g X-Ray/MRI/Pathology)
- No GP referral letter required for self-paying patients

Call: 01206 753 222

Physiotherapy requests can be located on the website:

**[www.oakshospital.co.uk/referral-zone/resources](http://www.oakshospital.co.uk/referral-zone/resources)**

# Diagnostic Services Available at **Oaks Hospital**

Oaks Hospital Radiology Departments offers a range of diagnostic tests from:

- CT
- Mammography
- X-Ray
- MRI
- Ultrasound
- Fluoroscopy

Our service is run by a friendly team of experienced, qualified Radiographers. Images are reported on by a specialist Consultant Radiologist and the report is sent directly to the referring GP, Consultant or referring AHP, usually within 48 hours. Radiology appointments can only be issued to the patient on receipt of a signed medical referral from the GP, Consultant or IR(ME)R certified AHP's. The referral form must be completed for all patients and sent by secure email [rhc.radiology.oaks@nhs.net](mailto:rhc.radiology.oaks@nhs.net). We do not accept direct NHS referrals.

Radiology Services available at Oaks Hospital	
Diagnostic	Prices From:
CT	£550.00
Ultrasound Interventional and Non-Interventional - General, Breast, Gynae	£305.00
Mammography (screening)	£210.00
MRI	£499.00
X-Ray	£187.00
One Stop Breast Clinic - Including Consultation & Imaging	£750.00
Cardiac CT	£1,000.00

\*services listed above are for Private and Self-Pay Patients.

# One Stop **Rapid Diagnosis Breast Clinic**

Oaks Hospital's One-Stop Rapid Diagnosis Breast Clinic has been developed to help ease the anxiety of breast symptoms, such as the discovery of a breast lump.

## **Quality care**

When your patient is worried about breast problems, whether they are found to be benign or cancerous, patients want fast access to expert advice. Here at Oaks Hospital, along with our dedicated multi disciplinary team of specialists are on standby to care for your patients specific needs.

## **On the spot tests**

During your patients visit, they will be seen by a consultant breast surgeon. If necessary a digital mammogram and/or breast ultrasound will be carried out. Depending upon findings from the consultation and the diagnostic results, further tests such as a needle biopsy may be conducted. A mammogram will not be offered to anyone under the age of 40 years due to the breast tissue being too dense, therefore your patient will be offered an ultrasound unless discussed otherwise by the consultant breast surgeon.

## **Results**

In most cases the result will be available on the day, but occasionally further tests are needed to give a conclusive result. Support is provided by a breast care specialist nurse who offers emotional support and if necessary can guide your patient through the treatment options as well as providing ongoing care for patients who may require surgery.

## **Booking**

The clinic is available to anyone with breast symptoms. Self pay patients can call to book an appointment directly. If your patients choose to use their private medical insurance then please advise your patient to get authorisation from their insurance provider before attending their appointment.

Appointments can be made by calling our bookings team on: 01206 753 295.

## **Prices**

One stop breast packages range from £750 which includes an initial consultation with the consultant, this will include a mammogram/and or ultrasound. If a biopsy or further investigations are required then this will be discussed with your patient before proceeding further where additional costs will be applied.

# **SACT Unit** Systemic Anti-Cancer Therapy

Oaks Hospital SACT (Systemic Anti-Cancer Therapy) unit, offers oncology services to private patients in the local area.

We have 4 treatment bays for patients that require oncology treatment as part of their cancer care. The space provides a calming environment to receive treatment, with french doors in most bays, opening into a courtyard area which includes a water feature and soothing mural.

Oaks Hospital are able to offer treatment to patients for a range of speciality areas including skin, gynaecology, urology and breast cancers. Patients can either use their health insurance or self pay to access the treatments.

To find out more on our SACT unit please visit [oakshospital.co.uk/treatments/cancer-services](http://oakshospital.co.uk/treatments/cancer-services) or contact Adam Warrillow, our Lead Oncology Nurse via [adam.warrillow@ramsayhealth.co.uk](mailto:adam.warrillow@ramsayhealth.co.uk) or 01206 752 121 (2200).

# Referring Private Patients Online

The Ramsay Health Care Online Patient Referral system has been designed to allow you to refer private patients easily, quickly and securely to your Ramsay hospital of choice.

As well as being quick and easy to complete, using the online system will also help reduce your postage costs and speed up the referral process - all in a secure, online environment.

To make a referral, simply visit [ramsayhealth.co.uk/patientreferral](https://ramsayhealth.co.uk/patientreferral) and complete the short form.

## Making a **private referral online**

In your browser go to **[ramsayhealth.co.uk/patientreferral](https://ramsayhealth.co.uk/patientreferral)**. Login with Username: **Ramsayonline** and Password: **Ramsaygp**

Select the Ramsay hospital that you wish to send the referral to from the drop-down list

Attach a copy of the referral letter by clicking on 'Select' and adding the file or copy and paste it directly into the form

Complete the remainder of the form noting the mandatory fields marked with an asterisk

If the consultant is unknown please select 'specialty referral only'

Once you have completed the form, press the 'Submit' button to send the referral directly to the Ramsay hospital

You see an immediate confirmation that the referral has been received (also sent by secure email) and the hospital processes the referral
